Dear Mr. Moore:

We would like to complete inventory deductions including your last purchases as of this year if you find it convenient to send payments on the account rendered which will also assist us in securing pieces we are negotiating for which include the mate so desirable to re-unite the original pair of Emery gravy boats.

I have it in view to present you the opportunity to have the mate turned over to you at a discount under the figure paid for the one we had which was itself lowered from our holding valuation for the transaction. If you would be interested for the first claim on it to advance your check for it together with the present balance of the account, I would set the full price to you for the second gravy boat at \$1100.

Very truly yours,
