Mr. Cornelius C. Moore
112 Bellevue Avenue
Newport, R. I.

Dear Mr. Moore:

I enclose statement of the Thomas Dane ^{Cann} you requested held
for you on your last visit.

The "Edwards Collection" Itemized Listing, including the
added Pepper Pot, is also enclosed. As I casually mentioned
this might be figured in as a bonus piece reducing the total
by its 1100 price. Should you wish to review the illustrated
presentation, I will be glad to send it.

The schedule was set up in the two columns when we were asked
a couple of years ago to propose exhibition subjects for the
DENVER ART MUSEUM when they ran a "Collector's Choice" Show.
The representation to which they limited the part of Colonial
silver was a porringer and tankard, the latter by Simpkins
which you since purchased.

As mentioned opposite the illustration of the Cann and
Porringer which are appropriately included to represent the
son-in-law Brigden and the related-by-apprenticeship Coburn,
we could complete their part with interesting spoon exhibits
by both of them.

Very truly yours,

GEBELEIN SILVERSMITHS, INC.
