Mr. Moore;

I should suggest that you have Mr. Gourley view the mark Myers on the straight-throated skittle-ball spout cup critically in comparison with the stamp as impressed twice under the fluted sugar bowl. There are apparent differences, one of which is the space between the letters and the outline of the punch. The sugar bowl obviously is the evidential reference for the comparison, whereas the cup is "out of period" for admission to the Myers representation.

J. H. S.
