Dear Mr. Basson:

I acknowledge the receipt of your letter dated March ninth, with enclosure. I appreciate your consideration.

Is there any way by which you can determine, with definiteness, whether or not the piece has been in the Ford Collection at Dearborn? If the piece was made by Samuel Casey, I expect it would bear his mark. He was very careful in that respect. Further, every piece in my Collection is marked and I hesitate to invest in a piece if there is a question of uncertainty about the maker. Any further information you obtain, I will welcome.

I am,

Sincerely yours,
