Dear Mr. Moore:

We very much appreciated your willingness to lend pieces from your collection of silver to The New England Silversmith. Originally scheduled for this spring, the exhibition has been re-scheduled as a major show for the fall of 1965. It will run from mid-October through November and we sincerely hope you will still consider lending pieces to the exhibition. I will contact you later about the possibility of seeing pieces from your collection.

Sincerely yours,
