

November 14, 1945

Major General Terry Allen
Hdqtrs. 104th Infantry Division
Office of the Commanding General
Camp San Luis Obispo, Calif.

Dear General Allen:

Your very kind and complimentary letter in which you enclosed the Bronze Star Medal Citation for Father Edward P. Doyle is deeply appreciated. Providence College feels highly honored in that one of the members of its faculty has attained such distinction in so excellent a division as the Timberwolves.

We followed the movement of the 104th Division with keen interest and in our opinion it ranked foremost among the great military organizations of all time. The excellent record your Division has attained was in no small measure due to your outstanding qualities as a leader of men.

On behalf of Providence College and in my own name, our sincere wish is that Almighty God may grant you many years of useful service in whatever undertakings the future may hold for you.

Sincerely yours,

Frederick C. Foley, O.P.
President
