Dear Father Doyle:

On behalf of the College community, I thank you for your donation of material to the Providence College Archives and Special Collections. We are pleased to add the Edward P. Doyle, O.P., Collection to our Special Collections, rather than merely adding the pieces to your personal faculty file. Although the number of pieces is small, the emotional impact is huge.

We shall inventory the Collection and publicize and display the pieces in appropriate forums and exhibits. The photographs taken at Nordhausen are obviously the soul of the Collection. The additional printed material and personal memorabilia will also provide scholars with insight from your unique perspective into the WW II era, especially the concentration camp liberations, and with the continuing efforts to "never forget."

Your foresight in saving these remarkable momentos will benefit many people for many years!

Sincerely,

Jane M. Jackson  
Director of Archives

P.S. In the near future, I shall send over a "Deed of Gift" for you to sign. This document formally transfers ownership from yourself to Providence College and means that this office, acting on behalf of the College, has the right to process the pieces and control access to and use of them.
