Dear Ed:

I am happy to know that  
The Timberwolves are making such progress. It must  
be very interesting to chase the Heinies. All of us  
here are hoping that this terrible war in Europe  
will soon be over. From reports, it would seem that  
the Germans are worse than any of their forefathers  
in cruelty. It is hard to believe that a nation  
could descend so low in its treatment of war prisoners  
and slave labor.

I trust that when you  
get to Berlin, you will be able to say mass at St.  
Hedwig's Cathedral. The Dominicans have a place in  
Berlin, as you may know.

Father Bond, who was in-  
terned in Santo Tomas, has just returned to the States.  
He is somewhat thin and appears dazed. He cannot  
accustom himself to the feeling of liberty. All our  
Fathers in the Philippines were spared including  
Dominic Chang. Fathers Ahern, McMahon and McGuinness  
will return soon to the States. No doubt, Dominic  
Chang will be along also.

We are having an Educational  
Meeting at Providence College, June 11th and 12th. I  
shall send you an invitation and program when they are  
ready. However, I shall not expect you to attend.

I am grateful for the mass  
you offered for my intention. Everything is going along  
smoothly in the Province at the present time.

I remain

Wishing you every blessing,

Sincerely in St. Dominic,
