## IN THE HOUSE OF REPRESENTATIVES

provided free of charge follows beginn from its character

August 1, 1963

Mr. Fogarty introduced the following joint resolution; which was referred to the Committee on Education and Labor

## JOINT RESOLUTION

40 FraReshood of whitestern which House of Representatives

Authorizing and directing the appointment of a committee to develop plans to assure impartial and efficient job placement service for all who seek employment and for all employers, as a public service.

Whereas the chronic unemployment situation is a national problem which requires the full use of an effective, coordinated, nationwide employment system;

Whereas job placement activities should be exclusively a public service, performed on behalf of the entire community and of direct benefit to both employers and workers;

Whereas certain groups of people such as older persons, youth, minority groups, and the disabled require special services that can only be guaranteed by a public employment service;

Whereas an effective employment service cannot be confined to

local placement but must extend to the identification of job vacancies and available labor resources on a nationwide basis;

Whereas the important principle of strict impartiality in effecting placements can be guaranteed only by a public employment service;

Whereas the proposition that all placement service should be provided free of charge follows logically from its character as a public service; and

Whereas precipitant action to prohibit the charging of fees for placement services would work an undue hardship on certain persons now profiting from fees charged for such services:

Therefore be it

- 1 Resolved by the Senate and House of Representatives
- 2 of the United States of America in Congress assembled,

- ment, and to all employers; and would assure that such serv-
- 11 ices be rendered exclusively as a public service at no charge.
