5 is amended by adding at the end thereof the following new
6 parts:

7 "PART E—GRANTS TO IMPROVE THE QUALITY OF SCHOOLS
8 OF MEDICINE, DENTISTRY, AND OSTEOPATHY

9 "AUTHORIZATION OF APPROPRIATIONS

10 "SEC. 770. There are authorized to be appropriated
11 \$20,000,000 for the fiscal year ending June 30, 1966, and
12 such sums as may be necessary for each of the four succeed-
13 ing fiscal years, for grants under this part to assist schools
14 of medicine, dentistry, and osteopathy to improve the quality
15 of their educational programs.

16 "BASIC IMPROVEMENT GRANTS

17 "SEC. 771. (a) The Surgeon General may make basic
18 improvement grants as follows:

19 "(1) For the fiscal year ending June 30, 1966, each
20 school of medicine, dentistry, or osteopathy whose applica-
21 tion for a basic improvement grant for such year has been
22 approved by the Surgeon General shall be paid the sum of
23 \$12,500 plus the product obtained by multiplying \$250
24 by the number of full-time students in such school.

25 "(2) For each fiscal year in the period beginning

1 July 1, 1966, and ending June 30, 1970, each such school
2 whose application has been approved for such a grant for
3 such year shall be paid the sum of \$25,000 plus the product
4 obtained by multiplying \$500 by the number of full-time
5 students in such school.

6 “(b) For purposes of this part and part F, regulations
7 of the Surgeon General shall include provisions relating to
8 determination of the number of students enrolled in a school,
9 or in a particular year-class in a school, as the case may be,
10 on the basis of estimates, or on the basis of the number of
11 students enrolled in a school, or in a particular year-class in
12 a school, in an earlier year, as the case may be, or on such
13 basis as he deems appropriate for making such determina-
14 tion, and shall include methods of making such determina-
15 tions when a school or a year-class was not in existence in an
16 earlier year at a school.

17 “(c) For purposes of this part and part F, the term
18 ‘full-time students’ (whether such term is used by itself
19 or in connection with a particular year-class) means stu-
20 dents pursuing a full-time course of study leading to a degree
21 of doctor of medicine, doctor of dentistry or an equivalent
22 degree, or doctor of osteopathy.

23 “SPECIAL IMPROVEMENT GRANTS

24 “SEC. 772. From the sums appropriated under section
25 770 for any fiscal year and not required for making grants

1 under section 771, the Surgeon General may make an addi-
2 tional grant for such year to any school of medicine, den-
3 tistry, or osteopathy which has an approved application
4 therefor and for which an application has been approved
5 under section 771 if he determines that the applicant needs
6 additional financial assistance in order to strengthen its cur-
7 riculum or to improve the quality of its education. No
8 grant to any school under this section for any fiscal year
9 may exceed \$100,000 for the fiscal year ending June 30,
10 1966; \$200,000 for the fiscal year ending June 30, 1967;
11 \$300,000 for the fiscal year ending June 30, 1968; or
12 \$400,000 for the fiscal year ending June 30, 1969, or the
13 succeeding fiscal year.

14 "APPLICATIONS FOR GRANTS

15 "SEC. 773. (a) The Surgeon General may from time
16 to time set dates (not earlier than in the fiscal year pre-
17 ceding the year for which a grant is sought) by which
18 applications for basic or special grants under section 771
19 or 772 for any fiscal year must be filed.

20 "(b) To be eligible for a grant under this part, the ap-
21 plicant must (1) be a public or other nonprofit school of
22 medicine, dentistry, or osteopathy, and (2) be accredited by
23 a recognized body or bodies approved for such purpose by
24 the Commissioner of Education, except that the requirement
25 of this clause (2) shall be deemed to be satisfied if, (A) in

1 the case of a school which by reason of no, or an insufficient,
2 period of operation is not, at the time of application for a
3 grant under this part, eligible for such accreditation, the
4 Commissioner finds, after consultation with the appropriate
5 accreditation body or bodies, that there is reasonable assur-
6 ance that the school will meet the accreditation standards of
7 such body or bodies prior to the beginning of the academic
8 year following the normal graduation date of students who
9 are in their first year of instruction at such school during the
10 fiscal year in which the Surgeon General makes a final de-
11 termination as to approval of the application, or (B) in the
12 case of any other school, the Commissioner finds after such
13 consultation and after consultation with the Surgeon General
14 that there is reasonable ground to expect that, with the aid
15 of a grant or grants under this part, having regard for the
16 purposes of the grant sought, such school will meet such
17 accreditation standards within a reasonable time.

18 “(c) The Surgeon General shall not approve or disap-
19 prove any application for a grant under this part except after
20 consultation with the National Advisory Council on Medical
21 and Dental Education (established by section 774).

22 “(d) A grant under this part may be made only if the
23 application therefor is approved by the Surgeon General
24 upon his determination that the application meets the eligi-

1 bility conditions set forth in subsection (b) of this section,
2 sets forth plans for using the grants which the Surgeon
3 General finds give reasonable promise of strengthening and
4 improving the school's faculty and curriculum, contains such
5 additional information as he may require to make the deter-
6 minations required of him under this part and such assur-
7 ances as he may find necessary to carry out the purposes
8 of this part, and provides for such fiscal-control and account-
9 ing procedures and reports, and access to the records of
10 grant recipients, as he may require to assure proper disburse-
11 ment of and accounting for Federal funds paid to the
12 applicant under this part.

13 “(e) In considering applications for grants under sec-
14 tion 772, the Surgeon General shall take into consideration
15 the relative financial need of the applicant for such a grant,
16 the relative effectiveness of the applicant's plan in
17 strengthening and improving its faculty and curriculum and
18 in contributing to an equitable geographical distribution of
19 opportunities for high-quality training of physicians, dentists,
20 and osteopaths; and such other factors as he, after consulta-
21 tion with the National Advisory Council on Medical and
22 Dental Education, may deem relevant.

1 "NATIONAL ADVISORY COUNCIL ON MEDICAL AND DENTAL
2 EDUCATION

3 "SEC. 774. (a) There is hereby established in the Public
4 Health Service a National Advisory Council on Medical and
5 Dental Education consisting of the Surgeon General, who
6 shall be Chairman, and twelve members appointed without
7 regard to the civil service laws by the Surgeon General with
8 the approval of the Secretary of Health, Education, and Wel-
9 fare, and such appointments may be made for specified stag-

11 be selected from among leading authorities in the fields of
12 medical and of dental education, respectively, except that
13 not less than three of such members shall be selected from
14 the general public.

15 "(b) The Council shall advise the Surgeon General in
16 the preparation of general regulations and with respect to
17 policy matters arising in the administration of this part and
18 part F, and in the review of applications under this part.

19 "(c) The Surgeon General is authorized to use the
20 services of any member or members of the Council in connec-
21 tion with matters related to the administration of this part

1 or part F, for such periods, in addition to conference periods,
2 as he may determine.

3 “(d) Appointed members of the Council, while attend-
4 ing conferences or meetings of the Council or while otherwise
5 serving at the request of the Surgeon General, shall be en-

22 “(b) The amount of the grant under subsection (a)
23 to each such school shall be equal to \$2,000 multiplied, (1)
24 for the fiscal year ending June 30, 1966, by one-tenth of
25 the number of full-time first-year students of such school;
