

REPORT ON "PRIORITY" FOR BEDS

March 11, 1943

B.A. McLaughlin, O.P.

1. Visited Mr. Edward M. Fay.
He called Mr. Larry Lampher, War Production Board,
Industrial Trust Building, Room 535.
Mr. Lampher knows the personnel of the Board well.
2. Mr. Lampher introduced me to:
Mr. James Dolan,
Room 530
Telephone --De 4684
3. Mr. Dolan says there are two possibilities:
 - (1) Sign blank P D--1A which I did.
Dolan will fill out the entire blank, and, get the
information from Simons & Co. Company.
This is being done this afternoon.

Mr. Dolan will call an Army Officer in Boston, a
friend of his, and have him countersign
Form--P.D.--3A
This should do the trick.
 - (2)---If this is not sufficient Form P D --1A will have to be
sent direct to Washington.
