Dear Ms Jackson —

Thanks very much for the wonderful package of material on the Army Specialized Training Program at Providence College. It will be most helpful.

And thanks also for mentioning Mr. Fisher's plans for an ASTP unit reunion in 1998. I've written him to see if I can be helpful, and to let him know what I'm doing, too.

I'll see that your help is acknowledged in the revised book.

All the best,
