Director of Archives  
Date: Apr. 21, 1998  
Subject: Army Specialized Training Program Reunion

Dear Professor Deasy:

I sifted through the material we have on the Army Specialized Training Program and tried to pinpoint the pieces that I thought would have historical and/or nostalgic value. Enclosed is a list of the items that you can look through and select at your leisure.

The one item we are still working on is the film. I have never viewed it, so I cannot say what the quality or exact content is. But it came over to us labeled "ASTP," so I hope it has some nice close up type shots, not just little ants marching around Hendricken Field. In any case, we'll have it made into a WHS version. Even if you don't use it for the Reunion, we should have it transferred from the old reel-to-reel before it deteriorates any further.

Sincerely,

  
Jane M. Jackson  
Director of Archives
