Hello Sgt Norman Michaud:

Many thanks for sending the disc and thinking of me. Unfortunately, something went wrong and it could not be played. Is there any printed material available?

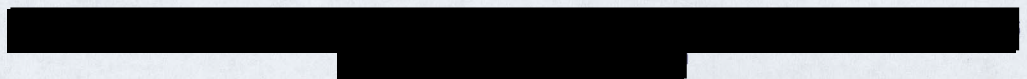

I have an appointment to visit the campus on Wed Sept 14th and look forward to speaking with the cadets.

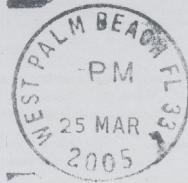

Needless to say, it is always emotional to see our plaque in front of the chapel listing our buddies who made the supreme sacrifice.

We had some wonderful months at PC until the ASTP program ended and we were literally dumped into the mud in Tennessee and joined an infantry company.

Convey my very best wishes to the cadets..they will enjoy my speech!

Sincerely,
