Mr. George Fisher, President  
Florida Southeast Chapter  
Veterans of the Battle of the Bulge

[Redacted]

Dear George,

On behalf of all the St. Martin de Porres Knights of Columbus Brothers, I would like to thank you for your excellent presentation last evening on your firsthand account and general history of the Battle of the Bulge. I can imagine the abrupt change you experienced from your peaceful Army Specialized Training Program at Providence College to the rigors of combat at the Battle of the Bulge. My brother was a P-51 pilot in Europe during that time, but he never told me much about the war.

I'm glad our country is finally honoring World War II Veterans with a long overdue memorial in Washington D.C. With 1,500 veterans dying each day, it won't come at a moment too soon.

Again George, thank you for making our Knights of Columbus meeting more interesting and informative.

Sincerely,

Ken

*Wells Steve -  
Just wanted you to  
know I am alive &  
well - and still  
"preaching" about the  
bulge. Stay warm.!*
