Ms Ann Manchester- Molak
Director of College Events
Providence College
Providence, RI 02918

Dear Ms Molak:

Please take a few moments to read copies of the letters and documents enclosed. Needless to say, everybody has been most cooperative and receptive to this important event.

You will note by the sequence of dates on the letters that we certainly have made progress in the planning of the dedication. I have had conversations with Lt Col Golonka of the ROTC program as well as Professor Deasy and both have been enthusiastic...and we do appreciate their involvement.

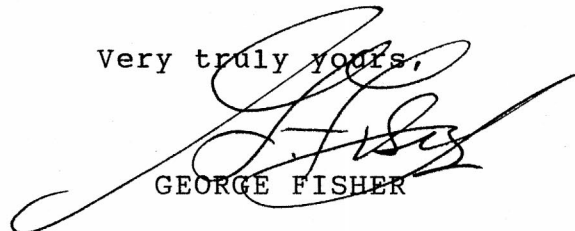

Since I am planning to be in the New York area from June 1st to the time to the dedication, I would like to have a meeting with you, Col Golonka, Professor Deasy and anyone else who would participate with the actual planning. Any date, at your convenience, from June 1st to 19th would be acceptable.

As part of the event, we would like to arrange a luncheon for the attendees, possibly in the faculty lounge or any other facility on campus.

We have been raising funds by donations from the alumni members. All monies that remain, will be donated to the ROTC in memory of our fallen comrades. Again, there will be no cost to the College.

Many thanks, in advance, for your interest and concern.

Very truly yours,

GEORGE FISHER
