George Fisher CPM - RAM - CAM

REAL ESTATE CONSULTANT

Nov 24/97

Mr Robert Deasy  
Assoc Prof of History  
Providence College  
Providence, RI 02918

Dear Professor Deasy:

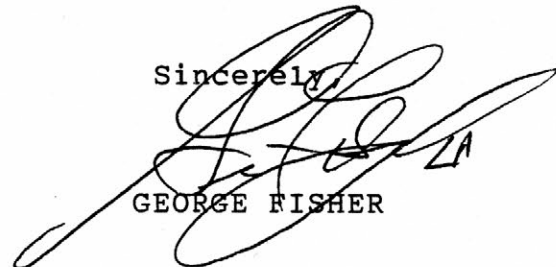

Please be advised I represent a group of veterans who were stationed at Providence College in 1944 under the Army Specialized Training Program. (ASTP). As a frame for reference, the program was terminated without notice in April 1944. We were all awakened one night about 2AM, told to throw away our books, and one week later we were crawling in the mud in Tennessee. We were all assigned to the infantry, had 4 months to training, and landed in France exactly one month after D Day. Now the purpose of this letter.

Mrs Loomis was gracious enough to send me the roster and Ann Manchester - Molak suggested I write to you.

On October 17, 1998 (Saturday), about 50 survivors of the ASTP program would like to dedicate and erect a bronze placque in honor of our buddies who never returned. In addition, if possible, we would like to arrange a luncheon in the same mess hall...which by now must be a deluxe restaurant. Needless to say, there would be absolutely no cost to the College. We will be requesting donations from our comrades and any monies remaining after the event will be donated to Providence College in the name of our fallen comrades.

I would appreciate hearing from you with reference to the above and thank you in advance for your interest and concern.

Sincerely,

GEORGE FISHER

GF/ar
