RE ASTP STUDENTS

June 15/97

Dear Mrs Loomis:

Many thanks for your invaluable aid with the list of names. We are now circulating this list and will be developing a current roster. Needless to say, we are all very enthusiastic about this project. The list was a sad reminder....we all knew some buddies who never returned.

I would like to personally visit Providence College sometime this summer to finalize some arrangements. We would like to plan a dedication re-union week-end sometime in Sept 98.

I would appreciate your forwarding this note to the person I could meet.

Attending Providence College held fond memories for all of us...from there, we all were relocated to the infantry in Tenn. and then to the European Theatre and the Battle of the Bulge in Dec 44.

Again, we do appreciate your help.

Sincerely,

*Letter forwarded to Mrs. Loomis*
