Miss Jane M. Jackson
Providence College
Providence, R.I.

Dear Miss Jackson,

Thank you for what you did yo help with the program last Saturday when the plaque was dedicated to remember the 37 ASTP students who died in the war. Providence College certainly made us feel welcome after all these years. The program and dinner were just right. I saw the clippings about "Private Ekstrand" in the display case in the library. Nobody recognized me but I could not resist showing it to two young ROTC students who sat at my table during the dinner. Guess I looked older but they were polite and said I looked the same.

Sincerely,

Malcolm Ekstrand
