

Dear Mrs Jackson

Sept 16, 1998

I thought of something else I should send you in case you want to use it. At any rate you will find it interesting.

I have this article from the Boston Herald about the YO patrol crossing the German Border. In this patrol were 3 ex Providence ASTA'ers - Robert Staffeld; Edison Strong, Robert Wadson.

Also I am enclosing a letter I wrote to my parents in November 1944. It will give you some idea of what we wrote about and conditions and what we were doing. We were limited in what we could say as each letter was censored.

Time is moving fast now. We'll soon be there.

Sincerely

Robert Wadson

Dr. Robert L. Madson
