Dr. Robert L. Madson

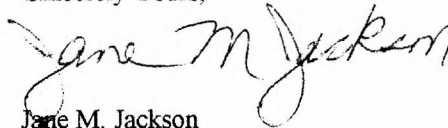

Dear Dr. Madson:

Professor Deasy has been keeping me informed of the progress of the plans for the ASTP Reunion. He is very enthused about the program.

He has been passing on to me some of the photographs and mementos sent by Mr. Fisher and yourself. On behalf of Providence College, I want to thank you for all your hard work with this. I am especially pleased to have the photographs and personal recollections re: the dances and last night stag party. I hope you have a current map of the city and Providence College before you arrive, for you will barely recognize downtown or the campus.

With best wishes for a successful and happy gathering, I am

Sincerely Yours,

Jane M. Jackson
Director of Archives
