Hello ASTP graduates and survivors. We can never forget our buddies and neither can Providence College. We plan to assemble in front of the new Chapel at 11AM for a memorial service to be followed by luncheon with the ROTC cadets.

Following lunch, we will tour the quartermaster section (they have air mattresses now and waterproof boots), and then will adjourn to the classroom where I am scheduled to give a brief over view of "What happened to us when we left PC" I am certain the cadets would like each of us to say a few words.

It is certain to be a most memorable day. Please plan to attend All the Best

Hope to see you there!!
