

In Memoriam

In 1943, a U.S. Army Specialized Training Unit (ASTP) was stationed at PROVIDENCE COLLEGE, R.I. In early March, 1944, the program was cancelled and the student/soldiers were reassigned to the 328th Infantry Regiment of the 26th Division. Thirty-seven members of the 360 man unit were killed in action in the 26th ETO campaigns: Northern France, Rhineland, Ardennes (Battle of the Bulge) and Central Europe. On October 17, 1998, a plaque was dedicated by their classmates and comrades to these men who made the supreme sacrifice. The plaque was mounted and stands at the entrance of the Providence College chapel.
