

Amesbury 19 7th mo
1861

I wd like to write
what thee ask for anent
"the Friends" but just
now I am obliged to
let pen & paper alone.
I may be able to do it
in the course of the next
month. If not, I will
tell thee of someone who
will.

I got the impression
some how-that the "Independent"
was not in need

(page 1 ends)

of my contributions. A
line the other day from
thee was a very pleasant
assurance that I
should not be unwelcome.
The fact is I have written
very little of any kind for
the last six months. I
shall remember you
if I have anything to
write hereafter.

Very truly

JGW
