MAY THE EIGHTEENTH

THE NATIONAL ANTHEM

O say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars, through the perilous fight,
O'er the ramparts we watched, were so gallantly streaming!
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there:
O say, does that star spangled banner yet wave
O'er the land of the free and the home of the brave?

ALMA MATER

From "Finlandia" by Jan Sibelius

Mother of Truth, we proudly pledge to thee
Undying love and steadfast loyalty.
From thee we learned the wondrous work of God,
His goodness, grace, and holy power;
Clear has thou shown what pathways must be trod;
All fearless now we brave life's hour!

Though failure frown, though kindly fortune smile,
Firm our advance, naught can us e'er beguile.
To honor bound, to love and virtue sworn,
Lift we our voices in full acclaim
Our lives shall thee with noble deeds adorn;
Hail Providence! we praise thy name!

REAR ADMIRAL DONALD T. CORRIGAN

In 1947 he began his long and distinguished naval career by enlisting as a Seaman Recruit in the U.S. Naval Reserve, and served as a radio operator and communications instructor. After his enlisted tour of duty, he attended and was graduated from Providence College and completed graduate studies at Columbia and Princeton Universities. The Fall River native was recalled to active duty during the Korean conflict and received his commission upon graduation from the Naval Reserve Officer Candidate Program in 1952. Commencing in 1955, his Naval Reserve career includes two tours as Executive Officer of Naval Reserve Surface Divisions, and most recently, a tour of duty as Commander, Naval Reserve Iceland Defense Force. In 1979, he was the recipient of the highly prestigious Navy Commendation Medal. In civilian life, he is president, chief executive officer and member of the Board of Directors of the Slade's Ferry Trust Company in Somerset, Mass. He is also active in numerous civic and professional organizations. His son, Michael, is a member of this year's graduating class.

HARRY KIZIRIAN

The only son of Armenian immigrants, the Providence native went to work unloading freight cars at the age of 15, while a student at Mt. Pleasant High School. From 1942 to 1944, he worked at the Providence Post Office as a wartime substitute temporary clerk, and upon graduation from Mt. Pleasant in 1944, enlisted in the U.S. Marine Corps. As a corporal in the Marine Corps Sixth Marine Division, he landed with the first assault wave at Okinawa. Wounded twice in the line of duty, he was awarded the Navy Cross, the Bronze Star with Gold V and the Purple Heart with a Gold Star, in recognition of his great acts of heroism. Returning from active duty, he resumed work at the Post Office and quickly earned promotions that eventually led to his appointment as Postmaster in 1961. The recipient of numerous awards for outstanding civic involvement, he serves on the Boards of the Greater Providence Chamber of Commerce, the Providence Human Relations Commission, the Rhode Island Heart Association, the Rhode Island Heritage Commission and the Rhode Island Lung Association.

MOLLY LUCE

From the beginning of her career as a gifted American painter, her dominant interest was in the American scene, pictured naturalistically. Her subject matter has focused on country and village life in America, specifically in Little Compton, Rhode Island, where she made her home in 1942. Born in Pittsburgh in 1896, she earned an Associate degree from Wheaton College in 1916, and as a member of the Art Students League, traveled and painted in England and France. Returning from Europe in 1924, she entered her first painting in a Whitney Group Exhibition in New York. Having received excellent reviews, she continued to hold NY exhibitions in the 1920's and 1930's and in 1934, became the second living American Woman whose works were made part of the permanent collection at the Metropolitan Museum. She continued to participate in regular gallery exhibitions until 1950, which was the last year her works would be exhibited for almost 30 years. In 1979, her talents were rediscovered as a new generation of gallery goers was introduced to her paintings. A major retrospective exhibition of her paintings, watercolors and drawings from 1917-1980 is currently on display at Childs Gallery in Boston.

VERY REVEREND EDWARD R. DALEY, O.P.

A native of Providence, he received his early education at St. Raymond's School and was graduated from LaSalle Academy in 1943. He attended Providence College for two years, before entering the Dominican Novitiate at St. Rose Priory, Springfield, Kentucky. Continuing his studies at St. Joseph Priory and the Dominican House of Studies in Washington, DC, he received the degrees of Bachelor and Lector of Theology. Shortly after his ordination in 1952, he was sent to Rome for further study, and in 1956 received a Doctorate in Canon Law from the Dominican Pontifical University of St. Thomas Aquinas, the Angelicum. Returning to the U.S. in 1956, he served as Secretary and Socius to several Prior-Provincials until 1976. In 1977 he was named Pastor of Holy Innocents Parish in New York, where he also served as a judge in the Marriage Tribunal of the Archdiocese. He is also president of the Area Clergy Conference of Northern Westchester and Putnam County, NY. Last summer, he was elected Provincial of the Dominican Fathers and Brothers of the Province of St. Joseph, and as such, serves as Chairman of the Providence College Corporation.

DR. JOSEPH P. KERWIN

Recognized internationally as the world's first physician-astronaut to probe the frontiers of space, he is one of the few courageous pioneers who have set the pace for mankind's development and creative ingenuity. In 1973, he teamed with Charles Conrad and Paul Weitz to maneuver Skylab II to the moon and back safely, though not without an incident which tested their courage and skill during the 28 day flight. That flight, in which he logged nearly four hours in extravehicular activities, established a new world record for length of time in space on a single mission. Born in Oak Park, Illinois, he attended Fenwick High School, was graduated with honors from Holy Cross College in 1953, and earned his Doctor of Medicine Degree from Northwestern University in 1957. After completing his internship at the District of Columbia General Hospital, he attended the U.S. Navy School of Aviation Medicine at Pensacola, Florida. A Captain in the Navy Medical Corps since 1958, he was selected as a scientist-astronaut by NASA in 1965, and appointed Head of Operation Missions responsible for supervising and planning all operational flights. During last month's successful mission of the space shuttle Columbia, he was assigned to NBC to provide comprehensive flight coverage.

MIKE WALLACE

As a CBS news correspondent and co-editor of that network's top-rated news magazine show "60 Minutes," his skillful interviewing technique and enterprising reportage have set new standards for broadcast journalism. A 1939 graduate of the University of Michigan, he began his career as a radio news writer and broadcaster for the *Chicago Sun*. The Brookline, Massachusetts native served as a naval communications officer during WW II, before becoming a news reporter for station WMAQ, Chicago. He joined the CBS network in 1951, serving until 1955 as a broadcaster of news, feature and entertainment programs. From 1956 to 1963, he left CBS to pursue a variety of journalistic activities, which included heading the New York City television program "Night Beat," and anchoring the Peabody Award-winning public affairs series "Biography." Named a CBS news correspondent in 1963, he anchored the CBS Morning and Mid-Day News Programs before being assigned to Vietnam in 1967. The veteran broadcaster has received a host of professional honors, including a number of Emmy Awards, an Alfred I. duPont-Columbia University Award, and two George Foster Peabody Awards.
